Gross income is your income or incomes before any deductions that may be taken off for income tax purposes, for example income from your pension (social welfare or private), your employment, your savings or investments or rental of property or land or any other income. Rental income is the rent you get less necessary spending associated with the rental of a property or land such as insurance.

Will my savings and or investments be taken into account when assessing my income for Medical Card or GP Visit Card eligibility?

We **will not** take into account savings or investments of amounts **up to** €36,000 for a single person and **up to** €72,000 for a couple when we are assessing your income. We **will not take** into account the amount of any compensation or redress award you may have received from **specific** state sponsored compensation or redress payments or any interest earned on the investment of this payment regardless of the amount.

For information on the specific compensation or redress awards covered by this section, please see www.medicalcard.ie or phone **Callsave 1890 252 919**.
